Dear Parent/Carer,

Permission for use of Online Parent Teacher Booking System and Subject Selection Online

Lyneham High School believes the use of ICT is fundamental in assisting teaching and learning as well as enhancing the ways in which teachers and parents can communicate with each other.

The use of web based learning resources and cloud based storage has risen steadily over the last decade and are increasingly being used by teachers across the Directorate to improve student learning outcomes.

As our school has to register with a web based service provider that requires some personal information about a student in your care, I am obliged under the Commonwealth Privacy Act (1988) to advise you of the reasons for collecting the information, what will be done with it and who else may have access to it.

The below site has been identified as being a useful component in booking Parent Teacher interviews and for student elective subject selections.

If you have any further questions about the implications of signing this permission slip or you would like to seek further clarification around the use of the website please do not hesitate to contact Joshua Ross, Acting Executive Teacher of Assessment and Reporting and Timetabling.

Kind Regards,

Rob Emanuel
Principal
Lyneham High School
